Questionnaire about the influence of whatsapp among university students

This research will be conducted in time frame of two months from fifth march to end of april 2015.the head of the research team will choose a team of ten people who will carry out the research through data collection and analyzing.this team will be trained in a period of two weeks.the head of the team will manage and monitor the data management plan. the research is likely to receive funds from meru university research department of 246700 this includes training cost,payment to the workers and other charges

whatsapp users who are negatively or positively influenced is to be determined.data to be collected is in form of integers data in the research will be captured through feeling in of questionnaires by the university students(counting numbers).the data collected is to be physically stored in hard copies which are to be hand written and the back up in the software microsoft excel

the original data is to be retained by the chief investigator will retain the right to use the data until the specific reason of carrying out the research is accomplished. after this, the data can be used up to wider use.the data collected can also be posted in the internet

the transformations that will be nessessary is preparation of data is powerpoint presentations which would make it easy toprepare the data in for of graphs and piecharts. the metadata will take the authors name, date of data collection and a short summary of the analysed data.since the data collected is not sensitive,there are no ethical and privacy issues therefore the data will be freely accesible in the internet.

the collected data is the data to be stored in the microsoft excel as soft copy will be stored in the google search engine for preservation. the analysed data is to be stored for a short time while the collected data is to be stored for the long term.the data bearing the author's name.date modified and the file size will make the data reusable.information about the writter will be deposited
